

Background screening built for speed

Put the pedal to the metal

Auto dealers are losing over 20% of their job candidates due to slow time to hire (Cox Automotive, 2019). With the Verified First background screening solution, we'll **turbocharge your time to hire** with SMS/texting options, proactive alerts, and industry-leading turnaround times.

Rev your engine

Auto dealers that run background checks on job candidates increase the likelihood of **hiring high performance employees** and **retaining** them for the longer term - a top issue as auto dealers face an industry average turnover rate of 46% (2019 NADA Dealership Workforce Study). When auto dealers partner with Verified First, they're confident they're making the **best hiring decisions** with the **most accurate** screening results.

"When I first began my journey in Human Resources at Hawkinson Nissan, I struggled with my hiring process because of the previous background screening we used. We went from getting Motor Vehicle Reports after 5-10 days to INSTANT with Verified First. It was a life changer! Another plus is that everyone is friendly here and always willing to help! I highly recommend them!"

- Amber Turner, HR Manager at Hawkinson Nissan
